

## Fibershed Producer Program

The Fibershed Producer Program is a membership-based network of farmers, ranchers, designers, sewers, weavers, knitters, felters, spinners, mill owners and natural dyers living and working within 51 counties in the North and Central regions of California. Fibershed Producers follow these guidelines:

- · All fiber is farmed/sourced within Northern CA, from San Luis Obispo to the Oregon border
- · All botanic dye is farmed/sourced within Northern CA, from San Luis Obispo to the Oregon border
- · All labor is sourced within Northern CA, from San Luis Obispo to the Oregon border

## **Exceptions:**

□ Land Trust □ County □ Other □

- Until the region has its own cotton and fine gauge wool milling facility, Fibershed verifies goods from farmers that have had to send their raw material out of the area for milling.
- Sewing thread and most notions are also not yet manufactured in our region, thus Fibershed verifies goods from artisans whose thread and notions are from out of the area.

Please fill in the PDF, print, and send it with your check (\$40 annual membership) to: Fibershed, P.O. Box 221, San Geronimo, CA 94963

Membership includes a page on **fibershed.org/producer-directory** with your bio, photo and link to your website or blog.
